JUNIOR SOFTWARE DEVELOPER

About Me

I am a novice developer. My path to it began with the school programming Olympiads, where I began to study programming languages such as PascalABC, C++, Python. C++ has become the main language for me. At the moment, I am a 2nd year student of the Belarusian State University, Faculty of Applied Mathematics and Computer Science, specialty Applied Mathematics.

Soft Skills

- Adaptability
- Systematic and Analytical thinking
- Ability to work in team
- Fast learner

Education

Belarusian State University

2022 - Present

Faculty of Applied Mathematics and Computer Science
